

# Avon Wildlife Trust

## Malago Orchard Project

Malago Valley Conservation Group and Avon Wildlife Trust have combined forces to improve access to the wonderful apple and pear trees in 'Malago Orchard' – in the old Quarries area behind Vale Lane.

Vale Lane  
entrance

Valley Road  
entrance

We'll be undertaking work days over the winter to clear scrub and bramble around the trees which will open up access to the Orchard and help to encourage wildflower regeneration.

**The next work day will be Wednesday 5 February.**

If you'd like to help, meet at 10.45am, wearing suitable 'gardening' clothes. If you want to come later to lend a hand, that's fine, too – the work will carry on until about 3.00pm. Gloves and necessary kit provided, but bring your own tools if you like.

Avon Wildlife Trust is the leading local charity working for people and wildlife
